

Unyte

Our equipment

Keeping things moving.

With over 800 owned pieces of fleet, plant and equipment, all of our gear is treated with tender loving care.

We have the capability to service, fabricate, fit and maintain our entire fleet in-house, as well as make our workshop available to clients to take advantage of our comprehensive preventative maintenance program, teamed by fully qualified mechanics, boiler makers and auto electricians.

Our heavy-duty diesel mechanics are also on-hand to manage and support plant in both rural and metro areas, meaning you can dispatch plant anywhere Australia-wide with confidence.

Wet and dry plant hire

Earthmoving plant and equipment servicing

Site vehicle maintenance

Earthmoving fabrication and engineering.

24/7 breakdown response

Agriculture plant maintenance and servicing

Plant and equipment ready to go.

Between our owned assets and our exclusive arrangements with industry-leading equipment supply partners, we've got a huge range of reliable fleet, plant and equipment at our fingertips, available Australia-wide and ready for dispatch on flexible terms.
